

HEALTH & SAFETY RECRUITMENT LEADERS • EXECUTIVE SEARCH & SELECTION • INTEGRATED PROJECT SOLUTIONS • ON TIME CONTRACT & INTERIM • PAYROLL & LOGISTICS

Leading the way with HSE professionals

The current market trends continue to show an increased demand for Health, Safety and Environmental professionals, with a 22% increase in contract and interim vacancy registrations so far in 2018.

Embark Resourcing, supplying industry leading Health, Safety and Environmental talent to businesses and projects worldwide.

With over 20 years in the industry, one of the largest networks of HS&E professionals and founded by a team of experienced HSE managers, we are run by HSE professionals for HSE professionals.

Executive Search

Your businesses competitive edge is now, more than ever, defined by your performance and approach to protecting your workforce and the environment. For International, multi site businesses it is now vital to secure the leading talent from within the industry who are subject matter leaders.

Our Executive Search services are bespoke and flexible and set out to attract the best in the industry. Services typically include;

- Retained Search / Advertising
- Competency Assessment days
- Dedicated Headhunters
- Market Analysis
- Direct Approach

Payroll

As an independent and privately funded business, Embark Resourcing can offer our clients a cost effective contractor payrolling solution. This includes solutions for Limited Company, PAYE, International Expat and International local employees.

Contract

An extensive network of contract HSE professionals available worldwide, at short notice and able to support projects from 1 days to 1 year. With our leading contractor support package that takes care of all the necessary arrangements during mobilisation so that you don't have too!

Permanent Recruitment

Supplying your business with HSE professionals at all levels, from graduates and junior H&S officers, to HSE Advisors, Regional HSE Managers and VP's of HSE.

Our contingency database search is cost effective and efficient, with a dedicated Technical Consultant to oversee your recruitment process.

Project Solutions

A service unique to Embark Resourcing that has been developed and delivered for over 20 years to projects throughout the World.

Project Solutions provides your business with a pre-screened and centrally managed team and 'pool' of Health, Safety and Environmental professionals who have been trained onto your company systems and aligned specifically to your expectations. Reportable to the EMBARK HSE team, all deliverables, performance and retention is managed by us on your behalf saving you the cost of additional HR.

Logistics

We have partnered with a group of internationally recognised companies to ensure we can arrange travel, immigration and all logistics (including personal security) within a short time frame and inline with a companies corporate travel policy.
